ERM-BD519 – Anhydrous milk fat

DECLARATION OF CONFORMITY AND ORIGIN

To whom it may concern:

- The material used for the production of the certified reference material ERM-BD519 is an anhydrous milk fat for human consumption provided by S.A. CORMAN, rue de la Gileppe, 4, B-4834 Limbourg, Belgium.
- The material was further processed at the JRC Geel (melting, addition of antioxidant, homogenisation, filling in amber glass ampoules).
- The material has not been exposed to or inoculated with any livestock or poultry disease agent exotic to the EU or the USA.
- The material did not originate from a facility where work with exotic disease agents affecting livestock or avian species is conducted.
- The material is not an antiserum.

Dr. Robert KOEBER
Head of Unit Reference Materials
