

# Sterile Media Bottles

PETG Bottle with white HDPE closure  
 PET Bottle with HDPE closure

- ✓ Radiation Sterile
- ✓ Non-Cytotoxic
- ✓ Non-Pyrogenic
- ✓ DNase / RNase free
- ✓ Conforming to USP Class VI
- ✓ Animal derived component free

## Sterile Media Bottles

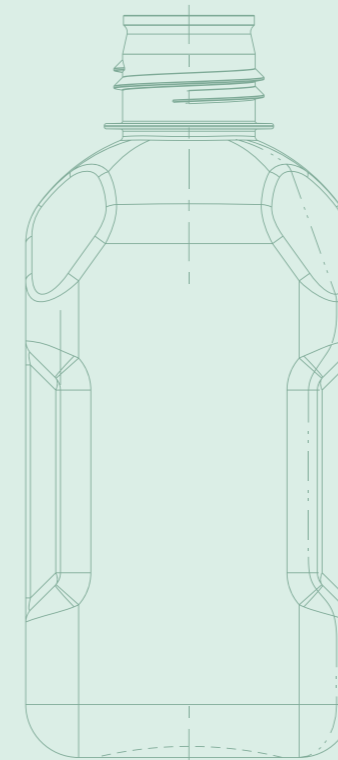

- ▶ An inexpensive alternative to glass bottles for sampling, storage and shipping of culture media, API and sera with a guaranteed leak-proof seal and excellent gas barrier properties.
- ▶ Light weight, shatter resistant and space saving square design.
- ▶ Transparent bottles made of non-cytotoxic, non-mutagenic, non-pyrogenic and Animal Derived Component free virgin resins to ensure content purity.
- ▶ Keeps Products safe by meeting the latest biological testing standards including USP Class VI, USP37<661>, and ISO 10993-3
- ▶ Eliminate costly washing, depyrogenation and autoclaving steps.
