Certification Key

Ensures wood products are FSC™ certified from sustainable, responsibly managed forests. (See p4 for details)

Products are made in Australia, supporting local manufacturing and communities.

Products are made with AIRFLEX® Technology.

Products are HACCP certified as **SSZ (Splash or Spill Zone)** items are suitable for use in food handling areas such as kitchens, production areas and processing areas, but are not suitable for coming directly into contact with food or items that will touch food.

Creating a better tomorrow

Put your confidence in our sustainable solutions

We set ambitious **sustainability** goals in key priority areas which enable us to have a lasting positive impact around the world. Our priorities and goals are informed by who we serve, what we do, and how we do it. We work together to foster innovative ideas and pursue longer-term change while striving to create social, environmental, and financial value.

 Products marked with this symbol have FSC™ certifications from manufacturing facilities around the world:

Scott
Brand

Kleenex
BRAND

Over 100 years of hand towel expertise, all in one place.

At KIMBERLY-CLARK PROFESSIONAL™, we understand our customers and the industries in which they work.

Whatever your need, we've got it covered.

Let us walk you through it.

The superior choice.

Comfort, softness and drying performance.

The original and still the best.

The practical choice.

Great performance and great cost in use.

SCOTT® offers extra value for those high-use areas.

Folded or rolled?

Typically our hand towels come in these two types.

Folded Hand Towels are your best choice for comfort and hygiene.

Rolled Hand Towels are best for busy spaces full of busy people

Optimum Towel Systems

Directions for use:

Place a **folded** sample of your current towel from the dispenser against the boxes below. The shape that best fits the towel will determine the towel product you require to ensure your dispenser works effectively. (**NOTE:** actual towel widths can vary by up to 1cm from those noted - this will not effect fit or performance in the dispenser.)

What folded towel is that?...

How often are you left confused as to which towel to order so that it fits into the dispenser? This guide will help you identify the Kimberly-Clark product code and name of the towel you need.
